

DRAFT

PARKING COMMITTEE MINUTES

March 28, 2013

9:45 AM

Members Present: J. Auxer, GT Schramm, Chief Dave Ransom, Lori Robertson, Frank Welch, Meredith Wait, Theresa Conchar

Guests Present: John Laggan

Meeting was called to order at 9:45 AM by Mayor Auxer.

- I. The minutes of the previous meeting were approved
- II. The Mayor reported on a meeting with East High Street residents and John Laggan regarding the parking issues there. After much discussion, Mr. Laggan will apply to the Planning Commission to enlarge his driveway to accommodate his vehicles. The Town will leave the current "No Parking" signs in place and add one double meter. When his new driveway has been completed the situation will be reviewed.
- III. Ms. Wait had three issues. The first was to ask the University for their parking meters on King Street once it was closed at the entrance. The Mayor will pursue this idea with the University. Second, it was noted that the "15 minute signs" still needed to be added at the kiosk. The University is ticketing violators. Finally, it was suggested that "Town Only" spaces be designated as open parking on weekends. This will be on the agenda for the next meeting.

The meeting was adjourned at 10:40 AM.

Respectfully submitted,

GT Schramm
