I. The Agenda and minutes of the last meeting were approved.

II. Old Business

- A. Pam Berry had questions and comments about the Parkmobile system as opposed to the Visitor's Parking Pass Program,. It is still her desire to find a way to entice businesses to engage visitors. The SBS has rejected the notion of validation through Parkmobile because the process is so cumbersome. She also believes that the Parkmobile system will primarily benefit college students. As the system is currently the 90 minute zones are one of the greatest problems. The rules are not clear (i.e. the need to move off the block, the fact that it is a \$40 ticket). There was much discussion. Lori agreed to research the kiosk system as a possible replacement for 90 minute parking that does not require parking meters. Hopefully, the information will be available at the next meeting.

The meeting was adjourned at 10:45 AM.

Respectfully submitted,

GT Schramm
