Julie Hamstead addressed the committee regarding concerns she had over commuter college student parking in Town. These were reflected in an email the committee had received. Specifically she requested that 90 minute meters be changed to 2 hours to allow students to park at the meters and still attend class. She believes that the Town is inhospitable to commuter students because they are discouraged from using town parking meters. She was disavowed of the impression that the Town did not want the university to build a parking garage. There was much discussion.

The meeting was adjourned at 10:40 AM.

Respectfully submitted,

GT Schramm
