Permission to publish a geocaching earthcache at James Rumsey Park

Hello, I live in Charles Town and am a local geocacher. I was in Shepherdstown this weekend and visited James Rumsey Park. I was fascinated with the history and wanted to learn more about the monument. After doing some online research I thought it would be a great location to publish a geocaching earthcache and am seeking permission for one at the James Rumsey Monument. I will not be placing anything physical at the location, as this is strictly a digital marker on a map to bring geocachers to observe the Woodstock Grante that makes up the monument.

EarthCaches are earth science lessons through geocaching that are verified by the Geological Society of America. Here is a link to that website:

http://www.geosociety.org/GSA/Education Careers/Field Experiences/EarthCache/GSA/fieldexp/EarthCache/guidelines/home.aspx

The lesson is strictly observational and requires no climbing or touching to perform the lesson. Typically these earth cache lessons bring about 25-30 people a year to the location. It could be more here because there is a larger amount of geocachers who come to the area because Berkely County is a very popular geocaching destination.

The Geological Society of America wants us to be good public stewards and make sure that the park knows this geology lesson is here. May I have permission to list a geocache on the internet to bring folks to the James Rumsey Monument to answer geological questions about the Woodstock Granite? I can send the write up for the earthcache prior to permission being granted or even come by in person to discuss. My number is 954-258-1998 if someone would like to discuss. Thank you in advance and I hope that I can make this park even more of a destination. Thank you for your time.

To have an EarthCache published on geocaching.com, you will need to adhere to the following guidelines. Your submission will be processed by one of the EarthCache Team reviewers (geoaware) to ensure that the site is appropriate and meets the educational standards and logging requirements. The review process can take up to a week and even longer if your submission requires adjustments. For more information on EarthCaches, please read the following:

Help Center has articles on EarthCaches (hosted by Geocaching.com)

Guidelines

- 1. EarthCaches must provide an <u>earth science</u> lesson.
- **2. EarthCaches must be <u>educational</u>**. They should provide accurate but non-technical explanations of what visitors will experience at the site. The cache page, including the description and logging tasks, must assume only a basic knowledge of geology.
- **3. EarthCaches must highlight a** <u>unique feature</u>. EarthCaches that duplicate existing EarthCaches or related sites may be rejected. EarthCaches must be developed to provide a unique experience to the location's visitors, and to teach a unique lesson about the feature at

the site. Multiple EarthCaches on the same feature should be avoided. Content, rather than proximity, will be the guiding principle for EarthCache reviewers.

- 4. Landowner or land manager <u>permission</u> is required for most EarthCache locations, and the name, title, and contact details of the person who approved it must be included in a Reviewer Note. Most land managers, once they are told that concept and that no physical container will be left behind, are happy to have an EarthCache in their park, forest, etc. We would suggest however, that you develop EarthCaches in partnership with the land managers to ensure that sensitive areas are avoided. Depending on <u>local laws and customs</u>, permission may not be required, but this should also be included in a Reviewer Note.
- **5. An EarthCache can be single site or multiple sites.** You must have visited the site(s) recently (within two months) to make current, first-hand observations. You must provide accurate coordinates for each site where visitors are to perform the logging tasks and ensure these areas are accessible to the public. You are responsible for taking appropriate actions if conditions change regarding access, permission, or other concerns.
- **6. Logging an EarthCache requires visitors to undertake site-specific tasks that provide a learning opportunity related to the topic.** Visitors will use the information from the cache page along with their on-site observations to perform some type of analysis. Their task-solution logs will serve as proof that cachers have visited the site. Questions that only serve to prove that someone visited the site but do not relate to the site's geology are not permitted. Photo requirements are permitted, but can only be included as an addition to well-developed logging tasks. Visitors must be able to send their answers to logging tasks via the cache owner's profile. The answers to these logging tasks must be included in a Reviewer Note when you are submitting your site for approval.
- 7. The EarthCache text and logging tasks must be submitted in the local language. Additional languages are encouraged, but the local language must be listed first. You may be requested to provide text in a language understandable to your reviewer to assist with the reviewing process.
- **8.** Respect trademarks and copyright information and only use text, images, or logos if you have permission. EarthCaches with information that is copied from other sources, plagiarized, or used without proper attribution will not be published. Limited amounts of text may be quoted, but must be properly attributed. Visit the <u>Help Center</u> for more information.
- **9. EarthCache sites adhere to the principles and ethics of geocaching and Leave No Trace** . In addition, use waypoints to ensure cachers take appropriate pathways and use established trails only. Damage to the site is unacceptable. Please be mindful of fragile ecosystems.

EarthCache sites will highlight the principle of collecting memories — not samples. Furthermore, no physical cache, or other items, can be left at the site.

10. EarthCaches are submitted through <u>geocaching.com</u> and must meet these guidelines and adhere to the <u>Geocache Listing Requirements/Guidelines</u> and the <u>geocaching.com</u> terms of use <u>agreement</u>. The Geological Society of America and the EarthCache team retain the right to edit, modify, reject, or archive any EarthCache that does not adhere to these guidelines, or for any other purpose that the team deems appropriate.

Chapter 2 of Title 9 of the Town Code is hereby amended and further clarified by amending and re-enacting Section 9-207, entitled "Off-street parking requirements", to prohibit driveways that cross public sidewalks; accordingly, there is amended and re-enacted Section 9-207 of Chapter 2 of Title 9 to read as follows:

Section 9-207 Off-street parking requirements.

Parking space or spaces surfaced with asphalt, concrete or other stabilized material such as crusher-run and three (3) inches of stone shall be provided on any lot on which any of the following uses currently exist or are hereafter established. Each space shall have access to an alley. Access across a public sidewalk is prohibited. For purposes of computing, each space will be not less than nine (9) feet wide nor twenty (20) feet long.

I. <u>Minimum requirements for specific uses:</u>

- (a) For boardinghouses, one (1) space on the lot for each lodging unit in the dwelling.

- (c) For places of public assembly, including auditoriums and theatres, one space for each seven (7) seats provided.
- (d) For all schools, except high schools, two (2) spaces for each classroom; for high schools ten (10) spaces for each classroom.

- (g) For commercial uses, except as specified in Section 9-207 I (f), one (1) space for each three hundred (300) square feet of floor area and one (1) space for each two (2) employees.

II. General rules and exceptions:

- (a) In the RC and C Districts, parking space may be provided on a separate lot if within three hundred (300) feet of the building served, and two (2) or more owners may join together in the provision of this parking space.
- (b) No parking space may be located in a front or side yard. This does not prohibit parking in an existing driveway.
- (c) Parking spaces may be provided in side and rear yards in the Commercial District but are limited to read yards in Residential Districts.
- (d) Parking space for any use specifically permitted in an R District may be provided on a lot adjoining that use.

Addendum to Rotary Club of Shepherdstown 2023 July 4 Parade event request

2. **EVENT HISTORY**. This July 4 parade has been organized and sponsored by the Rotary Club of Shepherdstown annually since 2007, except in 2020 and 2021 when it was cancelled because of Covid. As far as we know, there have never been any scheduling conflicts with other events in the past, and none are foreseen this year.

The parade has always been followed by a Rotary-sponsored community picnic. In 2007 and 2008, this picnic was held at Morgan's Grove Park. From 2009 through 2012, the picnic was held at the town's Rumsey Memorial Park.

In 2013, we shifted the picnic location back to Morgan's Grove Park and it has remained there ever since. Public reaction to the Morgan's Grove Park location has been very positive because of the parking and superior facilities it offers. Thus, the picnic now does not involve any town facilities.

The Rotary Club pays all costs associated with the parade and picnic, which total about \$5,000 annually.

6. **STREET CLOSURES**. As in previous years, this year's parade route will be limited to the section of German Street between Church and Princess streets. The parade will form up on Church Street, between Minden and High streets, and disperse on Princess Street, in the block north of German Street.

Therefore, we are requesting the following closures:

- 1.) The two + blocks of Church Street between German Street and the town line just south of Washington Street from 9:30 am until 12 noon. (We also ask that the meters in the block between German and Church streets be hooded the night before, with "no parking" signs posted in that area.)
- 2.) The block of Church Street between German Street and High Street from 9:30 am until 12 noon.
- 2.) German Street, between Duke and Princess streets, from 10:30 a.m. until the end of the parade at 12 noon or so.
- 3.) The block of Princess Street between German and High streets from 11:00 a.m. until 12 noon.

INSURANCE CERTIFICATE. The Rotary Club of Shepherdstown receives general liability insurance coverage through a blanket Rotary liability insurance policy that covers all active Rotary clubs in the United States. This policy is renewed every year effective July 1. Because of this schedule, it is not possible to provide an up-to-date Certificate of Liability Insurance for any event occurring on July 4 in any year until the annual renewal process is completed. This takes place during June, typically during the last two weeks of the month. At that time, the Rotary Club of Shepherdstown will provide the Corporation of Shepherdstown with an updated Certificate naming the Corporation as Additional Insured. In the meantime, a copy of our current Certificate accompanies this request form.

Agenda:

1. Call meeting to order

Call the meeting to order by Mayor Auxer at 5:30 p.m.

The Mayor introduced Stephanie Grove as our new Town Administrator.

2. Review of applications for the Market House

Mayor - we have three applicants giving each 20 minutes to speak.

The first applicant is via phone call from Florida - Michelle Matro.

- M. Matro has a for profit business called United Businesses. Has been looking for the right place to live, visited Shepherdstown and loved it. The goal is to unite businesses.
 - L. Rampy how do you make your money?
- M. Metro it is member based -products and services. Products that relate to environmental and social issues. Retail and service (educational and consulting). The venture will need to make money. Services offered and myself and for business owners (job training).
- C. Stroech have you reached out to the local businesses to try to gauge their interest regarding their needs? And you state you need a rent offset? Starting Date?
- M. Metro have not reached out whatever they need, she will provide it. Would need a rent offset. Not sure for how long it would help out a lot. Starting date depends on the ability to find housing. May 1st is preferred.
- C. Roberts what did you notice when you visited here in regards to diversity? Any interaction with people?
- M. Metro it felt inviting, loved the artwork. It was early in the day so not much.
- M. Amerikaner you have to create a business? What about occupancy? What will happen inside the Market House?
- M. Matro will create a new business model specific to Shepherdstown. Again, need to find housing first. Have a public bathroom, retail, business display, and a community board.
 - J. Haynes selling merchandise?
- M. Matro branded United Business merchandise reflecting environmental and social needs, and local art hung to be sold.

Represents many groups - non-profits working together, at least 10 groups involved.. They are concerned that there is no community calendar. Wants to see the Market House as in information hub. Shepherd University is not being showcased enough. Would like to bring some of the elements of the old visitor's center. Some of the involved groups are CATF, SAIL, Boyd Center, Historic Shepherdstown, Potomac Valley Audubon Society, Shepherdstown Community Club, Shepherdstown Shares, Speak Story Series, SU Dean of Arts, Lifelong Learning, etc. We would like to partner with the CVB.

- C. Stroech Shepherdstown Connects is not a non-profit? How would you get all of these groups organized in one spot?
- M. Alexander no, we are an alliance that is comprised of 501(C)3's. Each group will bring in what they do best in that space. We don't have the resources to bring the Market House up to snuff.
 - J. Haynes likes the partnership idea with CVB.
- M. Alexander we do not want to put the community groups upstairs we don't want to be in the attic.
- M. Amerikaner are you the public face for this alliance? What is your funding source?
- M. Alexander yes, and we need to still coordinate all of it. No, not saying that the alliance would be paying rent. We would be relying volunteers to promote a local flavor of Shepherdstown. Shepherdstown Shares has an excess of volunteers.
 - L. Rampy what size space are you looking for?
- M. Alexander we haven't worked that out yet. We want to be ambassadors representing Shepherdstown.

Third applicant - <u>Annette Gavin-Bates - Jefferson County Convention & Visitors Bureau (JCCVB or CVB)</u>

____The CVB is a 501(C)3 non-profit. We want to create a welcome center and community space in the Market House. (She handed out a booklet highlighting Shepherdstown). We are a destination marketing organization and welcome center. Visitors need knowledgable insight and our trained ambassadors can do that. We will support the town, businesses, events, culture, and the arts. We bring many fiscal resources to the table providing steady funding. There is a 23 member board, 7 are from Shepherdstown. There is a paid professional staff. If approved, we will secure funding for repairs and maintenance. Michael Mills has been contacted and he has offered some pro-bono services. We will create a welcome center section for Shepherdstown. Trained ambassadors will welcome visitors. We see the second floor as a flex-space for rotating artists, etc. We see ourselves as custodians of Shepherdstown's history.

Mayor - the CVB is funded by the hotel/motel tax.

- E. Lewis is an accountant for the Bavarian Inn. The occupancy tax is paid by guests at the BI. There is a 6% tax that is held in trust and remitted to a government agency. The BI annexed 1/2 of its property which allowed the town to collect the 1% tax. In 2022, 1% equated to \$72K. If the CVB comes to Shepherdstown, the town will get the whole amount of hotel/motel tax whereas before they got half. The whole amount is broken down with the town giving the CVB 50% with the other 50% going to Shepherdstown Parks & Rec. Of the P&R's share, 20% of that is available to P&R immediately with the other 30% allowed to be used within the parameters of the state code. Those parameters include arts, historic sites and beautification sites.
 - C. Stroech looking at the spreadsheet, it looks like our take is doubled?
 - E. Lewis yes, the town gets the county's piece.
- M. Amerikaner worries that enough focus won't be on Shepherdstown. Days open? Funding sources?
- A. Gavin-Bates if we know about the happenings in Shepherdstown, we will promote/market them. Will promote Shepherdstown merchandise. 5-7 days a week. Funding private, public, and grants.

- L. Rampy thoughts on the collaboration idea? Regarding ambassadors, how do you collect feedback on these people? Do you encourage a sign in for visitors? Lease length?
- A. Gavin-Bates definitely want to entertain this idea. The ADA bathroom will take a bit of doing and we are also thinking about a lift to get to the second floor. Comment directed to M. Alexander please take on the community calendar! Very confident in the ambassadors. We do encourage a sign in to gather emails and to see where they are coming from. This is a big investment for us, so we'd like to see a 10-20 year lease due to the upfront costs.
- C. Roberts are you looking to use the Shepherdstown Connects volunteers to run it?
- A. Gavin-Bates no, we want to use our own paid staff. We would like to get to the point of an area in the MH where Connects volunteers can help.
- C. Stroech in regards to what our survey showed us as to what people want to see inside the MH like accessible bathrooms, library pick-up/drop-off, and computer availability for those in need, do you see any issues?
- A. Gavin-Bates no, we can absolutely work through it. We still need to look at the building for the final usable space.
- C. Asam is concerned about the timeline, that it will take long. This is an important structure.

Mayor - we are trying to move forward as quickly as possible. The lease will be a public hearing.

L. Rampy - move to go into Executive Session at 6:53 p.m. pursuant to 6-9A-4(b)(2)(A). Second by M. Amerikaner. No objections noted.

Everyone left the room except council and the town administrator.

J. Haynes - move to come out of Executive Session at 7:20 p.m. pursuant to 6-9A-4(b)(2)(A). Second by C. Roberts. No objections noted.

All visitors had gone.

- L. Robertson move to approve the CVB application and to direct the Mayor and legal counsel to prepare and negotiate the lease. Second by C. Stroech. No objections noted.
- L. Robertson move to adjourn at 7:22 p.m. Second by J. Haynes. No objections noted.

Draft Minutes respectfully submitted by L. Robertson, Recorder for the Corporation of Shepherdstown.
